

NORMAN & EDEM, PLLC

PERSONAL INJURY LITIGATION

Norman & Edem is a highly successful civil litigation firm with the legal and technical resources to pursue even the largest matters. The firm handles cases primarily on behalf of injured people in areas such as personal injury, product liability and wrongful death, and accepts only the most meritorious cases. "Since we're a boutique law firm we don't have to take on every case," says founding partner John W. Norman. "Most of what we do is referred to us by other counsel and judges, so we can take only those cases where we believe we can accomplish some real good."

Norman founded the firm nearly 40 years ago after leaving one of the largest personal injury firms in the Southwest. He is AV-rated by Martindale-Hubbell and is the only Oklahoma member of the prestigious Inner Circle of Advocates, which is made up of the top 100 trial lawyers in the United States. He has also been listed in the Oklahoma *Super Lawyers* and was selected for inclusion in this year's *The Best Lawyers in America*®.

Over the years the firm has gained a national reputation for its high quality legal service. Its attorneys are both experienced in the courtroom and willing to do everything it takes to properly pursue full recovery for their clients. They are also dedicated to the community, participating in a number of teaching programs at local law schools in addition to charitable projects. Recently the firm established the first endowed professorship at the Oklahoma City University School of Law. "We do not just practice law, we are an integral part of the community," says partner Emmanuel Edem, also a member of Oklahoma *Super Lawyers*. "Ultimately the platform of practicing law is one that we use to better society."
